# College Profile

Year of Inception	2003
Student Intake	100 Students each year
Recognized by	Dental Council of India, Ministry of Health & Govt. Of India No. V-12017/49/2001-DE
Affiliation	Hemwati Nandan Bahuguna Garhwal University, Srinagar (Garhwal)
Commencement of Post Graduate Course	2011
Commencement of Dental Mechanics Course	2009
Location	Virbhadra Road, Rishikesh-249203 Uttarakhand
Founder	Dr. R. K. Gupta
Chairman	Dr. Amit Gupta
Honorary Director	Mr. Ajay Garg
Principal	Dr. Pravin Kumar
Director P G Studies	Dr. Himanshu Aeran
Dean - HNB Garhwal Univ	Dr. Vijay Prakash Nautiyal
Executive Director	Mr. Vivek Sang
Director	Dr. Anirudh Guru Pratap Singh
Director Personnel & Admin.	Mrs. Madhu Sahni

## Mission

"Be the most preferred choice of students, faculty and patients. Be in the top 10 in both discipline of education & health sciences".

## Vision

"Global leadership in human development, excellence in education and healthcare".

## Values

"Integrity  
Quality  
Transparency  
Team Work  
Execution With Passion  
Humane Touch".

# Founder's Message

*"A person who is morally educated will be a lot better equipped to move up in life or succeed than a morally bankrupt person with excellent academic qualifications."*

*"What you sow is; what you reap."*

*"Selflessly serve others."*

*I*t is my vision to set up an Institute where our young, budding dentists will receive education of the highest quality, comparable to the best anywhere. **Seema Dental College & Hospital (SDCH)** is that Institute, where we lay great emphasis on the all round growth and the personality development of the student, so that they may take their place as confident and competent professional in any part of the world and contribute to the welfare of humanity not only as professional, but also as responsible and devoted citizens.

As a Founder of the first hi-tech dental college in the State, I will leave no stone unturned to develop the College into one that is counted amongst the best in the world.

With my warm regards,

**Dr. R. K. Gupta**  
Founder

# Chairman's Message

*I*t gives me immense privilege to be part of this noble venture of "Dental Education" started by my father Dr. R. K. Gupta, the first of its kind in the State of Uttarakhand.

Qualitative improvement has been the watchwords of both the Management and the faculty.

We do hope that initiative taken by us to bring dental awareness among masses will be continued by the doctors who have completed their dental education.

The aim and mission of this college is to provide the best dental education to the youth at par with international standards and not at all a commercial money spinning institution.

I am sure, the new entrants to the Institution Campus will be able to experience the excellent standards maintained in the institution which will enable them to pursue successful professional career.

With warm regards,

**Dr. Amit Gupta**  
Chairman

# The College

## C a m p u s

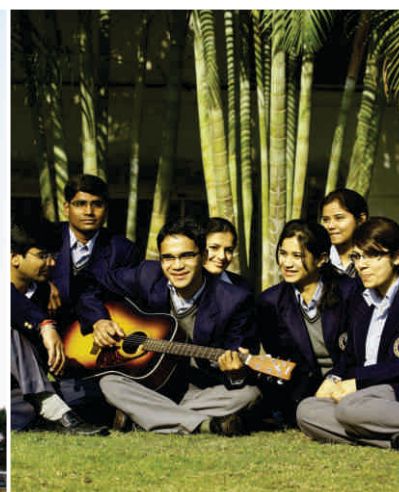

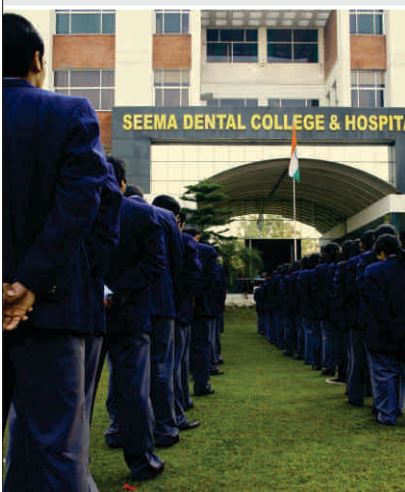

Seema Dental College and Hospital is a wonderful place - beautiful and vibrant; relaxed and engaged. It is one of the finest campuses for a hospital. The views around the campus are breathtaking and the surrounding woodland changes colours dramatically with the seasons. The campus sits pretty between these woods on one side and the holy river Ganga on the other.

The total constructed area covers a staggering 3,50,000 square feet. This includes the Hospital, the teaching facilities like lecture halls, auditorium, laboratories, the pathology center, the library, cafeteria, the residential facilities for students, faculty and support staff, sports and recreation center, swimming pool, the list is endless. In short Seema Dental College and Hospital has been envisaged as a world class dental hospital and teaching center. The promoters are committed to provide whatever facility it takes to achieve this vision.

Studying at SDCH allows you to enjoy the best of both worlds - an excellent academic environment at the heart of one of the most cosmopolitan and exciting cities in north India.

Though a tranquil setting, there is still plenty to do at the College. Indeed, the range of both academic, social and exceptional sporting opportunities are unrivaled in the country. Students have much to occupy their time outside of lectures, tutorials and lab work.

Do visit and see all this for yourself. You will see then why we are so proud of our campus and why we want you to choose to come here.

# The Hospital

## OPD

The Dental Out Patient Department dovetails with the teaching facilities of the College. Besides providing oral health care to the patients, this facility works in tandem with the College of Dentistry.

The OPD has ultra modern, state-of-the-art equipment, all most all of it imported from the best manufacturers of the world. The apparatus and instruments include Modern Dental Units, RVG, Dental Implants, All Ceramic system, Orthoralix Cephalostat and OPG facilities, Intra Oral Camera, Light Cure Units, Ultrasonic Scalers, a sophisticated General Anaesthesia Operation Theater, as well as the latest dental materials.

The highly qualified and learned team of doctors and surgeons comprises of experts from various fields of dentistry. The entire team is dedicated to the task of bringing world class dental care to the people and contributing towards the health of the society at large.

Under the aegis and watchful guidance of our Hon'ble Chairman, Dr.Amit Gupta, whose concern for the betterment of healthcare for the people is so keen and committed, especially for the economically disadvantaged. The OPD periodically organises free dental check-up camps in the College, as well as far flung rural areas where expert healthcare is otherwise impossible to come by.

# Departments

**Dr. Pravin Kumar**  
Principal & HOD  
Conservative & Endodontics  
Department

He passed his BDS & MDS from King George Medical College, Lucknow. He is a recipient of University gold medal in BDS. He has been awarded "Student Plaque Award" for outstanding achievements (Best student) in 1987 by the International college of dentists. He is an examiner & paper setter for more than 12 National Universities, including RGUHS, BFHUS & Aligarh Muslim University.

## Conservative Dentistry

The students are trained to have complete knowledge of aetiology, pathophysiology, diagnosis and management of dental carries, trauma, restorative and endodontic procedures. Students use advanced materials like composites, glass ionomers, varnishes and sealants, dentin bonding and light cure systems.

The department trains the students in endodontic procedures using advanced technologies like apex locators, radiovisiography and latest root canal obturation methods. Preclinical training comprising of simulated working on phantom heads is given to instill confidence for perfect restorative and endodontic procedures.

**Dr. Himanshu Aeran**  
Director  
PG Studies &  
HOD  
Prosthodontics Department

He did his BDS & MDS from KGMC, Lucknow in 1987 and 1990 respectively. He holds more than 20 years of teaching experience. He is Fellow of International College of Dentist and Pierre Fauchard Academy, USA. He did a certified course in Precision Attachment from Germany. He has 41 Publications to his credit at National State Level Journal. Currently he is Member of editorial Board in journal of Indian Prosthodontic Society, Journal of International College of Dentistry, Indian Journal of Dental Research, Indian Journal of Dental Sciences, U.P. State Dental Journal and advisor to Uttaranchal State Journal and Executive Committee Member of Indian Prosthodontics Society.

## Prosthodontics

The prosthodontic graduate training programme imparts knowledge pertaining to restoration and maintenance of oral function, health, comfort and appearance by the replacement of missing and lost natural teeth. Students are trained on complete dentures, cast partial dentures, crown and bridge work, implant supported prosthesis through didactic and clinical learning. They undergo extensive training using state of the art modern equipment and material of International standards to enhance their preclinical skills. They also get trained in casting and ceramic work in the ceramo metal laboratory

# Departments

**Dr. Vijay Prakash Nautiyal**  
Professor & HOD  
Oral & Maxillofacial Surgery,  
Dean-H.N.B.Garhwal University

"He obtained his BDS & MDS from KGMC, Lucknow & Fellowship in Dental Implants from Sweden. He has participated in numerous paper & poster presentations held at National & International Level. Winner of quiz competition organized by AOMSI(Association of Oral & Maxillofacial Surgery of India)".

## Oral & Maxillofacial Surgery

Students are trained for extraction of teeth, local anaesthesia techniques, basic emergency training, management of medically compromised patients and complications that can occur during surgical procedures in the dental clinic. They are also trained to perform other minor oral surgical procedures under supervision, and are given a basic idea of different major oral and maxillofacial procedures. Emphasis is laid down on achieving sterile and aseptic conditions using state of the art and most advanced sterilization techniques.

**Dr. Vijay Raghvan M R**  
Professor & HOD  
Oral Medicine & Radiology

"He obtained his MDS degree in the year 1978 from Nair Dental College, Mumbai. He is one of the well known personality in this respective field with an experience of 32 years and is still actively involved in different research and academic activities as a beneficiary of Seema Dental College. He has excelled in the field of Radiology with 36 publications to his credit".

## Oral Medicine & Radiology

"Mouth is the mirror of the body"; most diseases reflect in oral cavity with various presentations. This department sits at the interface between dentistry and medicine and trains the novice dental student about oral health care of patients with chronic, recurrent and medically related disorders of the oral and maxillofacial region with their diagnosis and non surgical management. Oral and Maxillofacial Radiology is the speciality of dentistry and discipline of radiology concerned with the production and interpretation of images and data produced by all modalities of radiant energy that are used for the diagnosis and management of diseases, disorders and conditions of the oral and maxillofacial region.

# Departments

**Dr. Dayanand B C**  
Professor & HOD  
Oral Pathology

"He obtained his BDS & MDS from SDM Dental College Dharwad. He has 3 publications to his credit. He holds a teaching experience of 9 years".

## Oral Pathology

Oral pathology is the discipline of pathology that deals with the nature, identification and management of diseases affecting the hard and soft tissue of oral and maxillofacial regions. The department trains students to perform routine histopathological evaluations alongwith haematological, cytological, microbiological, immunological and ultra structural investigations. The student is trained in the science of histology and pathology of oral and maxillofacial region utilizing state of the art digital microscopy and LCD projection system.

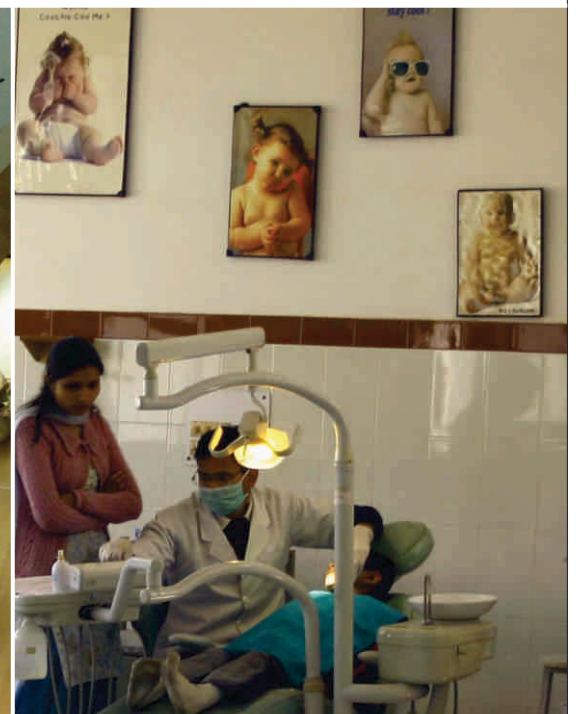

**Dr. Kumar Raghav**  
Reader & HOD  
Pedodontics

"He obtained his BDS & MDS from SDM Dental College Dharwad. He has contributed 8 publications at international level to his credit. He holds a teaching experience of 5 years".

## Pedodontics

Pediatric Dentistry is an age-defined speciality that provides comprehensive preventive and therapeutic oral health care for infants and children through adolescence, including those with special health care needs. Students are trained in aspects of child psychology, behaviour management, preventive dentistry, interceptive orthodontics, management of decayed teeth and traumatic injuries. They are trained in radiology pertaining to children, dental health education and school dental health programmes.

# Departments

**Dr. D. Venugopal Naidu**  
Professor & HOD  
Periodontics

"He obtained his BDS from Osmania University, Hyderabad & MDS from Government Dental College, Bangalore. He is a fellow of Peirre Faucherd Academy & Academy of Dentistry International. He has attended various conferences & workshops at National Level. He has numerous publications & paper presentations to his credit".

## Periodontics

Periodontics encompasses the prevention, diagnosis and treatment of diseases of the supporting and surrounding tissues of the teeth. Students are trained in case analysis, treatment planning, maintenance, supportive and surgical periodontal therapy. Knowledge on techniques of muco-gingival surgeries, resective and reconstructive osseous surgeries and implantology is imparted to the students.

**Dr. P. Narayan Prasad**  
Professor & HOD  
Orthodontics Department

"He did his BDS & MDS from SDM Dental College, Dharwad. He participated in many national conferences and PG conventions. He is a member of AAIO. He has presented many papers & has many national publications to his credit. Got best paper award in Feb 1998 from World Congress of Orthodontics".

## Orthodontics

The department trains students in immaculate history taking, methodological examination of patient, performing diagnostic procedures and management of dentofacial deformities. Students fabricate orthodontic appliances by conducting intricate wire bending procedures. The department imparts orthodontic treatment to a large percentage of the local population and the students of SDCH by the latest fixed orthodontic techniques including McLaughlin, Benett, Traversy Technique. The department caters to cleft lip and palate rehabilitation by multidisciplinary approach. Orthognathic surgeries, distraction osteogenesis, implants and lingual orthodontics are some of the special interests of the department. The department regularly conducts extensive hands-on courses & continuing dental education programmes pertaining to the latest in the speciality.

# Departments

## Pharmacology

Pharmacology is a science that deals with assimilation, absorption, metabolism and excretion of drugs. The department imparts practical and clinical knowledge to students for choosing and use of drugs in order to achieve improved therapeutics. The department also undertakes various animal studies that can be extrapolated in the clinical settings helping in advancement of medical therapeutics.

## General Pathology & Microbiology

Pathology is a bridging discipline involving both basic science and clinical practice and is devoted to the study of the structural and functional changes in cells, tissues and organs that underlie the disease. The department is well equipped with various molecular, microbiologic, immunologic and morphologic techniques to explain, why and wherefores of the signs and symptoms manifested by the patient, thus providing a sound foundation for rational clinical care and therapy.

**Dr. Rashmi Thakral**  
Professor & HOD  
Community Dentistry

"She did her BDS & MDS from KGMC, Lucknow. She is a known periodontist and an academicians with numerous publications to her credit. She has actively participated in numerous paper presentations & conferences held at state and national level".

## Community Dentistry

The department disseminates knowledge and concept of health, emphasizing on public health problems, preventive dentistry, nutrition and environmental aspects related to dental health. It highlights on research methodology, biostatistics and health informatics. The student is trained to conduct community dental health programmes, school based dental health education and preventive methods. The department extends clinical care to nearby rural areas, with established satellite clinics in various villages adopted by the Institution.

# Departments

## General Human Anatomy

Thorough knowledge of General Human Anatomy is inculcated in students with special emphasis on head and neck by means of cadaver dissection and detailed study of hard and soft tissues of the human body. The department boasts of an excellent museum with life sized models and charts.

## Physiology and Biochemistry

Physiology is concerned with specific characteristics and mechanisms of human body that makes it a living being. The department trains the student with a goal to explain the physical and chemical factors that are responsible for the origin, development and progression of life.

Biochemistry provides a sound knowledge of various biochemical reactions relevant to human system for life sustenance. The department has sufficient infrastructure and advanced equipment like colorimeter, pH meter, centrifuge machines, magnetic stirrer with hot plate, hot air oven, serological thermostat water bath, incubators, electronic balances, water distillation units, etc. Various biochemical tests performed on blood and urine samples, collected from healthy and diseased individuals make the student understand how it contributes in diagnosis, prognosis and treatment of disease.

# Departments

## General Medicine

The majority of medically compromised patients need oral health care; hence a working knowledge of the multitude of compromised conditions is essential for dental professionals. The curriculum during the 3rd professional year of BDS includes training in general medicine. The students acquire knowledge and skills of analyzing findings from patient's history, signs and symptoms. Special emphasis is placed on assessment of cardiovascular, endocrine, metabolic, respiratory, renal diseases and blood dyscrasias.

## General Surgery

In general surgery students are familiarized with principles of general surgery and common general surgical procedures. Evaluation of patients for general anaesthetic techniques and management of emergencies along with intravenous sedation is taught. Seema Dental College is attached with 150 bedded General Government Hospital for giving live demo on patients to BDS students studying general surgery.

# Continuing Dental Education

Dentistry is a constantly evolving field with many exciting changes and breakthroughs. As a student, you may find it hard to keep up with these advances but you may also end up feeling overwhelmed with the amount you need to learn.

CDE Programs are especially designed to breakdown these international developments into easily digestible courses that augment your practice. Your patients will hear about the latest in international dentistry offered by you much before they pick up the buzz from the general market. Our faculty are regular speakers at international conferences and are much sought after for their knowledge and skills in dentistry. Each of our programs are carefully put together by dental clinicians and surgeons who have years of experience. As a participant, you attend not just lectures but also get the opportunity to view live clinical and surgical demos and hands-on practice.

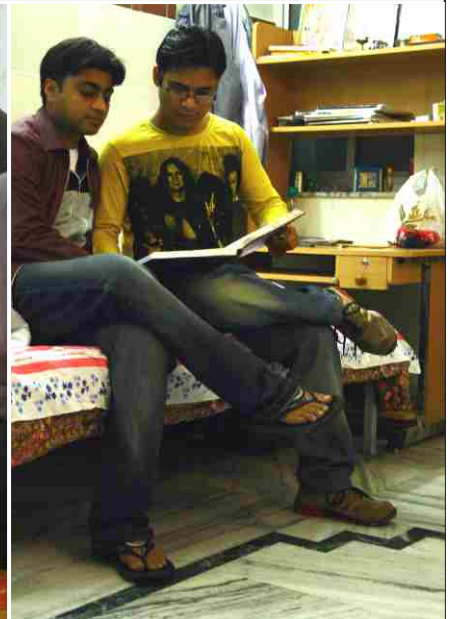

## Dental Implant Center

### Dental Implant Center

SDCH is committed for the latest and highest traditions in patient care with the provision for quality par excellence in dental and oral health care. Dental Implant, making a prosthesis for a patient who has lost his/her tooth/teeth is one of the recent advancement in the field of Dental Surgery. The Dental Implant Centre is an important unit to achieve the goal of best possible rehabilitation not only for patients who have lost tooth/teeth but also for the patient of maxillofacial defects. This centre is jointly run by the department of Prosthodontics & Crown & Bridge, Oral & Maxillofacial Surgery and Periodontics under the able guidance of Dr. Himanshu Aeran.

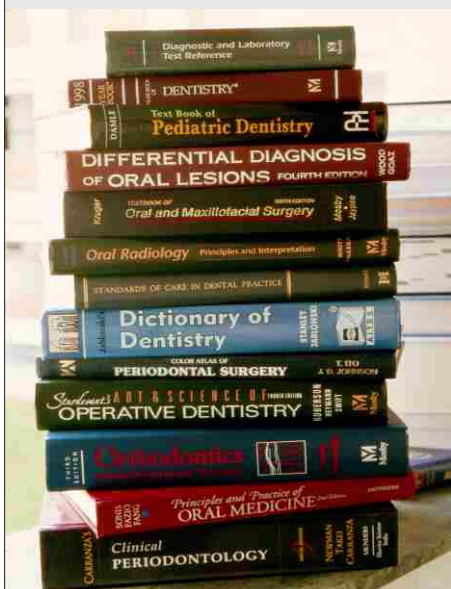

# The College

## Infrastructure

### The Library

fulfills all the norms laid down by the Dental Council of India. It is housed in the multi-storeyed administrative building. It is brightly illuminated and comfortably furnished to contribute to the atmosphere required for concentrated study and for research work. Its shelves are well stacked with books and journals from various national and international publishing houses. The Library has been organised into separate reader services - namely, the main lending section, the text books section, the general reference section and a periodicals and journals section. The Library also offers the use of Computers along with Internet Services. A xerox machine room, a reading room with audio visual facilities, and an inter-departmental communication system, makes the library one of the best equipped in the region.

### Digital Backbone

200 miles of computer cabling, gigabytes of data whizing from one terminal to the other, and precise monitoring of all activities in the campus - that's what the computer backbone at SDCH controls. The entire campus has been wired to be capable of being digitally controlled from the Computer Command Center. This nerve center controls everything from the telecommunications network to the management of patient data from the doctors' terminals. From the distribution of Internet Access to the distribution and allocation of background music at various public areas in the hospital.

# The College

## Infrastructure

### The Presentation Hall

is in keeping with the futuristic ambience of the Institute. To groom the students in the use of the latest methods in presentation techniques, an LCD projector has been provided so that they may become proficient in the use of new technologies and also learn the art of making high impact presentations.

### The Classrooms

are air conditioned to ensure comfortable and clean atmosphere, and in turn facilitate the learning experience. In addition to this, all the lecture halls are fitted with state-of-the art audio facilities like hi-fidelity sound systems for the effective delivery of lectures. Further, they are equipped with computers, internet access, for efficient communications, which is an indispensable factor in today's work systems.

### The Student Hostels

Are thoroughly modern and air conditioned, offering single and twin sharing accommodation. Each room is supplied with a telephone, computer with provision of an internet connection. The flooring in each room is white marble and there are attached toilet with 24 hour supply of hot and cold water. There are separate hostels for boys and girls.

## Facilities

### Sports & Extra Curricular Activities

A C deluxe buses for outdoor excursions to Mussoorie, the Queen of Hills, Auli, National Park, Badrinath, Kedarnath, Yamnotri, Gangotri and Valley of Flowers besides Rafting during terms break and other outings. Sporting activities like court games & swimming are particularly encouraged in keeping with the College policy of all-round student development.

### Banking Facilities

Punjab National Bank ATM facility is available at college doorstep.

### Hospital

Seema Dental College is attached with 150 bedded General Government Hospital for giving live demo on patients to BDS students studying general medicine & general surgery.

### Swimming Pool

Olympic standard indoor swimming pool as recreational facility.

### Health Club

A modern gymnasium and health club with latest health equipments and facilities for indoor & outdoor games.

### Student's Mess and Cafeteria

The menu planning at the mess takes particular care of nutritive value of the food being served under the guidance of a dietician. There is a cafeteria and tuck shop retailing ready to eat, hygienic and nutritious food available.

### Communications

5000 lines Siemens make telephone exchange with ISDN & Broad Band line facilities given by Telecom Department, BSNL is the highlight of the college.

### Students Updates

Parents will be provided full information of their ward regarding attendance, marks sheet, expenditure etc. at any time.

## Facilities

### Picture Perfect Professionalism

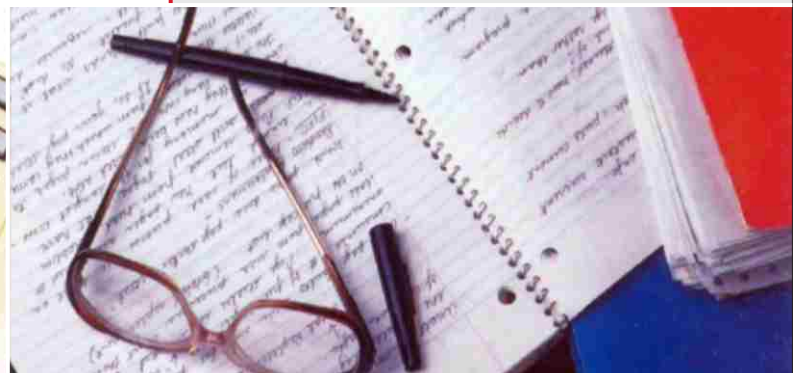

The institute will be run by highly skilled professionals. The prime concern is to institutionalize a well-defined and structured academic curriculum. Perfection and excellence in teaching and practical training will be our chief focus. The student taken ratio will be small in number so as to encourage personalized supervision and effective monitoring of the students performance. Tutorials will be non-optional where the students will be provided a platform to discuss in details their queries and apprehensions. The course module will permit extensive self-learning beyond the curriculum, so that the students attain self-confidence in manifold ways.

### Computer & Internet Facility

Provision for computer and internet facility is provided in hostel rooms besides teaching places so that the student can explore the subjects with latest updates.

### Other Basic Amenities

Continuous backup supply of electricity through two 380 KVA sound proof generators and non-stop flow of clean water by two separate underground water bores.

# Dental Mechanics Course

## Philosophy

- The purpose of starting this course is aimed towards training the students to enable them to assist the Prosthodontics / Dental Surgeons and to fulfil their requirement of Prosthetic materials like dentures (fixed/removable), crown & bridge, etc.
- This paramedical course as a profession has a dependent and independent role with a dentist

in both urban and rural environment.

- This helps in achieving competence in practice of Dentistry, encompassing Preventive, Promotive, Curative and Rehabilitative aspects of diseases concerned particularly with the Dentistry.

Note: For any other enquiry please contact us at admission office, Seema Dental College & Hospital, Rishikesh.

## Our Salient Features

- Highly qualified and experienced doctors available round the clock for medical emergencies of students.
- Hostels with each room having attached toilets (to prevent infection), having round the clock water supply. The complete world in each room, as each room has provision of computer, air-conditioner, internet facility(optional).
- The college with erudite faculty, computerised library and ultra modern instruments, is the best in the world. The dental chairs, X-ray machines are all imported.
- 100 % spacious and most modern living accommodation for the staff members.
- Computer, telephone and internet facility for interactive studies in the library and lecture halls.
- Continuous backup supply of electricity through two 380 KVA sound proof generators and non-stop flow of clean water.
- Standard indoor swimming pool as recreational facility.
- The entire admin building is centrally air-conditioned by Hitachi, Japan and most advanced OTIS lifts in hostel and main building.
- A modern gymnasium and health club with latest health equipments and facilities for indoor games are available.
- Shopping complex with Nationalised, computerised bank having ATM and locker facility.
- Facility for air and rail reservation.
- AC delux buses for outdoor excursions to Mussoorie the Queen of Hills, Badrinath, Kedarnath, Yamnotri, Gangotri and Vally of Flowers during terms break and other outings.
- Own 5000 lines telephone exchange (Siemens-Germany) with ISDN-PRI line, broadband, facilities given by telecom Department, Government of INDIA.
- Apart from academic stress on all round personality development, lectures from International professionals on Art of Living, Hospital Management and Marketing skills(how one can run his clinic, effectively with the best treatment), etc. are conducted in college from time to time.

# Why Choose Us?

“I consider myself extremely privileged to have been attached to this great institution first as a student and then a part of teaching faculty in the department of Oral Pathology. Seema Dental College will be my most treasured possession”.

**DR. MUDIT AGARWAL**

Brilliant student of Batch 2004 scored 24th Rank in All India Post Graduate Entrance Exam

“Excellent learning atmosphere under the amid guidance of committed faculty. The sky scraping building with lush green freshly grown grass, ambience overpowered with the fragrance of red rose. One might become baffled by the image created; this is what Seema Dental College & Hospital is like”.

**DR. PURNIMA GARG**

Topper of 2006 batch, won the best paper award at “PULSE-2011” held at AIIMS, New Delhi

“The institution provides with best treatments to the poor and on the other side spreading awareness among the rural population regarding the importance of dental hygiene”.

**DR. SHASHANK UNIYAL**

Passed BDS from SDCH (Batch-2005) scored 7th Rank in CMDPGEE entrance exam-2011 PG student of Prosthodontics

“The institution is lead by a team of world class highly qualified experienced doctors, who through their dedicated efforts uphold the integrity of the college”.

**DR. SALONI KUMAR**

Scored 10th Rank in CMDPGEE entrance exam-2011 PG student of Oral Medicine & Radiology

“The availability of a world class infrastructure along in the presence of a dedicated teaching faculty makes it all the more conducive for the students to realize their true potential, and finally establish themselves in life”.

**DR. ANANT JYOTI**

Passed BDS from SDCH (Batch-2005) scored 4th Rank in CMDPGEE entrance exam-2011 PG student of Orthodontics

“The excellent hostel facilities & the amazing food provided by the college mess are note worthy. The college has huge clinical OPD for a better clinical exposure”.

**DR. NAVSANGEET**

Scored 1st Rank in CMDPGEE entrance exam-2011 PG student of Conservative Dentistry & Endodontics

# Extra Curricular Activities

## *Student / Teachers Exchange Program*

Seema Dental College & Hospital recognizes the importance of expanding and disseminating knowledge which directs advances in oral health and Oral Health education. It actively seeks to promote the scholarship activities of its students and faculty and encourage their development as scholars in dental education technologies. The institution is committed to organize value based students/ teachers exchange program to broaden the scope of their individual capabilities in the field of education and patient care. Recently the institution has joined hands with Dental Student Welfare Association of India to promote student exchange program under which Radovan Zizka from Czech Republic attended the college for 10 days.

## *How to Reach Us?*

### Transport & Communication

**Rishikesh** is well connected by road, rail and air from all over India. It is only 24 Kms from Holy City of Haridwar. You could come by all major trains to Haridwar. From Haridwar local bus tempo and Taxi service is easily available around the clock and it takes approximately 30 minutes to reach Rishikesh. A silhouette of a person standing with their arms raised in a 'V' shape, set against a bright, golden sunset sky. The sun is low on the horizon, partially obscured by the person's legs. The overall mood is one of achievement and aspiration.

*Aiming new heights...*

Seema Dental College & Hospital is a center for excellence in the field of academics, where our dedicated & devoted faculty enhances the positive attributes of students and emphasize on their overall development. An amalgamation of education, moral values, serenity and brotherhood ensures the metamorphosis of a student into an outstanding Doctor and a good human being.
