### NOTICE

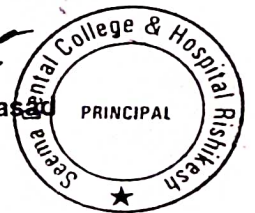

This is to inform all the faculty mentioned below that for academic session 2023-2024 they have been deputed as Mentor of students as per the attached list. They are required to address and take the necessary action on academic and stress related issues of the allotted Mentee monthly.

This year we are allotting Mentor Heads for every batch who shall conduct a periodic meeting every month with all the mentors discussing their issues and any agenda thereof. The Mentor Heads shall report to the undersigned once in three months to discuss and review the mentor reports of students for respective batch. In cases where the Mentor faculty feels unable to provide the appropriate solution on the academic and stress related issues of the Mentee, they can contact the Mentor Heads for their batch who then shall try to resolve the issue at their end and report to undersigned during their quarterly review meeting for further action if required.

All the mentors are directed to maintain the records/documents related to academic and stress related issues of the allotted mentee and any action taken and submit the same to the office of the undersigned. In case of any query related to documentation process the mentors can contact Dr Aditi Singh, Reader Paediatric and Preventive Dentistry, Faculty in-charge for the documentation for Mentor Mentee Program.

The list of Mentor Heads for every batch and batchwise students(mentee) and their mentors is attached herewith.

## Standard Operating Procedures Mentoring of Students Academic Year 2023-2024

### Clarity, Communication, Commitment –to successful mentoring programmes

- **The 3 Cs of Effective Mentoring Programmes. Successful and effective mentoring programmes are based around the following principles: Clarity, Communication and Commitment. ...**
- **Clarity. Clarity of purpose is vital. ...**
- **Communication. ...**
- **Commitment**

Step 1: Apportionment of mentees to faculty members (Mentors) (beginning of new admission) during the initiation/orientation program by **SDCH**, students shall be allocated to specific faculty as He's/Her mentee.

Step 2 - Informing the mentees via phone call and SMS. Arranging a meeting with the respective mentor.

Step 3: Mentoring Orientation of Faculty (Mentors)

- All mentors to be familiarized on the role and tasks as mentors.
- It shall act as an orientation for all faculty members. The mentors who have held this responsibility earlier can share their experience and knowledge with any new faculty.

Step 4: Mentoring Orientation for students (Mentees)

- Orient students about the aim of the program, its benefits, their responsibilities and role of mentor and mentee.
- Meeting with mentors

Step 5: Regular meeting with Mentees

- During the first semester, mentoring to be slotted in the Academic time table to facilitate all/such meetings for individual mentee/mentees.
- The mentors in initial meeting should create a connection with the mentees through information exchange and building rapport.
- Should understand their mentees strengths and weakness and interest area
- Understand future idea; students' interest on specialization (Higher Study)/Entrepreneurship/Family Business/Placement. to connect them to the concerned cell. This information (Student Profiling) will help to guide the mentees accordingly.
- A record of meetings, interactions and assessment of mentees should be maintained.
- Mentors should see that their mentees are not facing any academic related problems in the college. They should refer to the concerned department/faculty when required.
- Mentors should monitor the Academics/assignments submission of their mentees and also monitor their career choices.
- Mentors should inform the respective Mentor heads who then shall report to the Principal for any academic challenges if any. Mentors would send the mentee report to the parents twice every term after approval by Mentor Heads and Principal.

Step 6: Mentor should maintain a file on each mentee recording their meetings.

Mentees academic record, parent contact, any medical records , co-curricular activities, general behaviour in class, future plan, mentoring reports and other important documents e.g., medical certificate, etc

Step 6: Monitor and feedback
