**Objectives:** The administration is made up of medical and health services managers and assistant administrators. Administrations range in size and duties of the administrator depends on the size of the administration. In the present scenario it is one of the most searched career option by all the dental graduates particularly BDS & Interns. Number of students opting for MBA in hospital management or other courses after BDS is increasing constantly. On the same line of thought college is conducting such programs to broaden the vision of BDS graduates. So, that they should have vision about the various fields to be opt after doing BDS. Lecture conducted by Dr. Suresh Kumar Assistant Professor International Institute of Health Management Research, New Delhi.

**Expected Outcomes:** To create awareness about the new different alternative avenues available as career options after BDS such as MBA in hospital management etc. and how to apply for such courses along with the course fees, institutions where such courses are available, requirements etc.

**Outcomes Achieved:** The students were quite inquisitive about the financial viability of the alternate courses discussed and the expected returns after completion of such courses. The speaker actively explained and cleared their doubts regarding the same. He also elaborated the career options of the courses after BDS and everyone found the session quite interesting and informative.
