## **Kumaun University Internal Funding for Research 2023-2024**

### **(Terms & Conditions of the Grant)**

1. Kumaun University will maintain separate audited accounts for the project and the amount of the grant will be preferably kept in a bank account earning interest.
2. Approval of the research proposal and the grant being released is for the specific project sanctioned and should be exclusively spent on the project-related activities within the stipulated time.
3. The grant will be released in one installment after the acceptance of the terms and conditions laid down by KU.
4. The grant shall not be utilized for construction and repair/maintenance of any building unless a specific provision is made for that purpose. The respective department will be responsible for full infrastructural facilities by way of accommodation and space, water, electricity, communication, etc. that are essential for the smooth implementation of the project.
5. The Principal Investigator (PI) shall ensure that the fund released towards the project is used exclusively and appropriately in support of the research project for which it has been sanctioned. No manpower/fellowship/ books and journals are permissible out of the fund allocated.
6. The equipment/ camera/ desktop/laptop/printer/furniture as proposed in the research proposal can be procured only after getting the prior consent of the competent committee which will take up the matter on a case-to-case basis.
7. Any expenditure incurred before the issue of the financial sanction/approval order and after the expiry of the sanctioned duration of the project will not be admissible.
8. The PI will furnish a Progress Report of the work on the project after six months of the release of the project grant, and a final Report within three months after the duration of the project is over.
9. PI is expected to settle the accounts within 3 (three) months from the date of completion of the project.
10. A separate ledger is maintained for the purchasing of equipment/Instruments as per the provision of GFRs.
11. The following documents need to be sent to the RDC after the project duration is over:
  - a. Final Consolidated Statement of Expenditure giving expenditure from date of start till date of completion.
  - b. Utilization Certificates matching with Statement of Expenditure
  - c. Three copies of the Project Completion Report (PCR) with publication list, patents filed/ likely to be filed, Doctorates from the project and other manpower trained along with one softcopy of the PCR including an Executive Summary; and
  - d. List of assets acquired through Capital grants.
12. Any unspent balance out of the amount sanctioned must be left saved in the University account.
13. All the assets acquired from the grants can be considered on the Departmental Inventory list and should not be disposed of or encumbered without the prior sanction of

RDC/University. However, the RDC/University has the discretion to allow other Investigators from the respective or other departments to utilize the assets for projects sanctioned by the RDC/University.

14. RDC/University may designate Professors or an Expert Panel to visit the Departments periodically to review the progress of the work being carried out and to suggest suitable measures to ensure realization of the objectives of the project.
15. The PI is expected to attend Monitoring Meetings/Workshop to present the progress/outcome of the research project, as and when organized.
16. Kumaun University reserves the right to terminate the project at any stage if it is convinced that appropriate progress is not being made or the grant has not been properly utilized.
17. The project becomes operative from the date mentioned in the sanction letter of the project.
18. If the PI to whom a grant for a project has been sanctioned, wishes to leave the University the PI will inform the same to RDC/University immediately and will ensure that the Co-PI, if any is appointed in consultation with the RDC who can take over the responsibility of project implementation. This consultation with RDC needs to be done before relieving the PI.
19. If the PI wishes to terminate the project being implemented/leave the University he/she shall inform the RDC immediately. No further installment/s will be released from the date of termination of the project or the date of resignation of PI. The unspent balance out of the amount sanctioned must be returned to the University.
20. Investigators are encouraged to publish technical/ scientific papers based on the research work done under the project in journals of high repute. They should formally acknowledge the assistance received from Kumaun University. The PI also has the responsibility of informing the RDC/IQAC/University about any papers published from the project implementation even after the completion of the project tenure.
21. The projects that have the potential for generating know-how in the form of product/process/ design etc. through patents, copyrights, etc. should preferably follow the University's guidelines for patenting/ copyright. A copy of any such application should also be sent to the RDC/University.
22. IPR generated through the sanctioned projects will be owned by the University. The University will be the applicant for the patent and the PI can be the inventor.
23. The PI has to send the acceptance with the Terms and Conditions of KU Internal Funding for Research Grant sanction letter so that the aforementioned grant can be credited to the designated account.
24. At least one quality Publication is expected from the project. For the Science stream, the publications should be in SCI/ Scopus indexed journals, and for Arts it should be in Scopus/ UGC CARE Listed journals.
25. The publication from the project must bear the acknowledgement "With financial Assistance from Kumaun University".
